Cathy,

Thank you for letting us know about the hiring update. Has Mr. Coleman started working for the City? If not, when is his expected start date for the position?

I still have the description you sent on 3/22/2021, but reiterate that the AOC, if entered, will require a report out on current duties at the time of the report. Of course, if they have not changed, the report could refer back to the previously provided description.

Robyn,  
EPA has asked for a description of the official duties of the designated Pretreatment Coordinator. See attached which is the same as I sent you on 3/22/2021. The City has hired Ed Coleman for this position.
